| Congress 15                              | Cooperrider, Thad                | R                     | Unverified                |                                                                                                                                                                                                                                                                                                                                      |
| Congress 15                              | Edmonds, Ruth                    | R                     | OAMF VERIFIED             | We have a right to our individual liberties and our individual freedoms and the right to privacy. I am against the vaccine passport and I'm against employers mandating that I have to have the vaccine.                                                                                                                             |
| Congress 15                              | Hood, Ron                        | R                     | OAMF VERIFIED             | As a conservative, I stand on the principles of individual liberties. I do not believe any individual has the right to mandate a medical product on another individual regardless of their position as an employer, government official, or a business owner. I will always stand with the individual on matters of medical freedom. |
| Congress 15                              | Hwang, Tom                       | R                     | Unverified                |                                                                                                                                                                                                                                                                                                                                      |
| Congress 15                              | Kunze, Stephanie                 | R                     | Unverified                |                                                                                                                                                                                                                                                                                                                                      |
| Congress 15                              | Hwang, Tom                       | R                     | Unverified                |                                                                                                                                                                                                                                                                                                                                      |
| Congress 15                              | LaRe, Jeff                       | R                     | OAMF VERIFIED             | The decision to vaccinate is a personal one and should not be dictated.                                                                                                                                                                                                                                                              |
| Congress 15                              | Peterson, Bob                    | R                     | OAMF VERIFIED             | While, after consulting with my doctor, I received the Covid vaccine, I have consistently voted not to mandate it, because I believe Americans should make their own vaccination decisions based on their medical history in consultation with their doctor.                                                                         |
| Congress 15                              | Brian, Stewart                   | R                     | NOT APPROVED              | I share the view of the ODH and the overwhelming majority of medical professionals that not only are vaccines safe, but crucial to the long term health of individual children and the public at large. I would expect that this view would guide my position on legislation that may come before the General Assembly.              |
| Congress 15                              | Tarazi, Omar                     | R                     | Unverified                |                                                                                                                                                                                                                                                                                                                                      |
